on **MPAs, Biodiversity**
and **Climate Change**

LCS-1399 - Global Exchange For Global Action: Marine Protected Areas As Key Tools In Stemming Biodiversity Loss And Tackling Climate Change Knowledge sharing session

Sunday, February 5,
2023

2 PM - 3:30 PM PST

Vancouver Convention
Center, Room 206

Knowledge Sharing Session Description:

Will showcase the **International Partnership's** progress and efforts to address **biodiversity and climate change** through **Marine Protected Areas (MPAs)**. We invite you to discuss MPAs as key tools in tackling biodiversity loss and climate change; evidence gaps; opportunities; and how can we work together for the global ocean.
